

For Immediate Release

Genetec Named One of the Top Employers in Montréal for 2014

Genetec Chosen as a Top Place to Work in Montreal for the 8th Consecutive Year

MONTREAL, February 11th, 2014 - [Genetec™](#), a leading provider of unified IP security solutions, today announced that it has been recognized as one of [top employers in Montréal](#) for the eighth year in a row.

Evaluated by the editors of Mediacorp Canada Inc., Genetec was praised for its progressive and forward-thinking employee [programs](#) and for offering an outstanding place to work. Genetec offers its employees an array of benefits, including flexible hours, generous vacation and time-off, comprehensive group insurance coverage, a retirement savings plan, an attractive employee referral program, a gourmet employee bistro, as well as a fully equipped games room. As part of its investment in the health and wellness of its employees, the company provides an employee gym with access to an on-site personal trainer, health and wellness workshops, and on-site flu vaccinations.

Also recognized as one of the best employers for young people in Canada in 2013, Genetec invests heavily in next-generation talent through its comprehensive intern program, while also providing employees with ample opportunities for growth and advancement through its training and career development programs.

“We are honoured to have been named one of Montreal's top employers for the eighth year in a row”, says Jill Ram, Vice-President of Human Resources for Genetec. “We take great pride in our working environment, and are constantly introducing tools, perks, and growth opportunities for our employees to perpetuate a culture of innovation, essential to the growth and future of our business.”

Now entering its ninth year, [Montreal's Top Employers](#) is an annual competition organized by the editors of Canada's Top 100 Employers. This special designation recognizes the Montreal-area employers that lead their industries in offering exceptional places to work. Employers are evaluated on criteria including: physical workspace, work atmosphere and social, health, financial and family benefits, vacation and time off, employee communications, performance management, training and skills development and community involvement. Employers are compared to other organizations in their field to determine which offers the most progressive and forward-thinking programs.

Genetec has offices around the world, with its worldwide headquarters located in the [Montréal Technoparc](#). Genetec is currently conducting a recruitment campaign to add skilled and motivated employees to its team. To view available career opportunities, please visit: www.genetec.com.

About Genetec

Genetec develops open-platform software, hardware and cloud-based services for the physical security and public safety industry. Its flagship product, Security Center, unifies IP-based video surveillance, access control and license plate recognition (LPR) into one platform. A global innovator since 1997, Genetec is headquartered in Montreal, Canada, and serves enterprise and government organizations via an integrated network of resellers, integrators and consultants in over 80 countries. Genetec was founded on the principle of innovation and remains at the

forefront of emerging technologies that unify physical security systems. For more information about Genetec, visit: www.genetec.com
